

Year 10 English E-course Dörr

Dear students,

Please make the best of the fact that schools are closed by working as much as possible in your FINALE books. Class test no. 4 will be rescheduled as soon as school starts again and will focus - as planned - on “Wortschatz” and “Schreiben”.

However, the virus crisis means that there will be less time between the class test and the final ZP 10. So you should also resume working on your listening and reading skills, starting from the beginning of the FINALE book. Accordingly, ALL tasks will be relevant for your exam preparation. Use the “Lösungshinweise” and the solutions from the white extra booklet to help you and to check your results. Please note any problems or questions you might have, so we can talk about them after Easter.

Please make sure you use this time given to you responsibly: Do your coursework and do everything to keep yourself and people around you healthy.

Best wishes and see you - sooner or later,

St. Dörr
